RE; ERIC SMITH

(THE CARING PAINTERS)
SAN DIEGO, CALIFORNIA

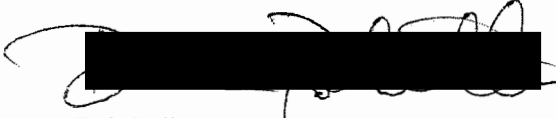

To whom it may concern,

We at San Diego Midas were first introduced to Mr. Smith and his company approximately 5 years ago. Mr. Smith and his associates have performed painting, cleaning, general repair, electrical and plumbing repairs to our complete satisfaction with little or no supervision.

We have been pleased with the Caring Painters' timeliness and professionalism during the above projects. Having 13 locations in San Diego County to supervise it has been a benefit to have a service provider such as the caring painter who can work without supervision and report on maintenance/repair needs that may have been over-looked.

We would recommend The Caring Painters to anyone as a service provider.

Sincerely,

Dale Politte
General Manager
