Eric Smith
The Caring Painters
P.O. Box 740876
San Diego, CA 92174

Dear Eric,

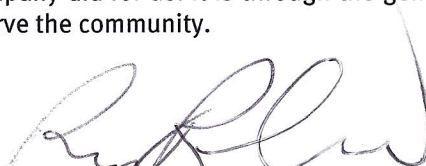

Thank you so much for the excellent job that your team did in preparing our building for our 90th Anniversary Open House. Opening a permanent exhibit is a major undertaking, and the painting of the two floors in our building was a critical component. Everything looks beautiful and the paint job is a perfect background for the many vintage photos that are now showcased throughout the entire first floor. During the process, your team was courteous and very conscientious about not interrupting the normal workflow of our business and of the tenants in our building.

As a nonprofit, it is so critical to our work to keep costs down so more dollars get to those we serve in our community. By charging us for Labor only, you allowed us to afford to get this work done professionally. Our donors who visited the opening of the Permanent Exhibit were very impressed with the project.

Again, thanks for your support of United Way and the job your company did for us. It is through the generosity of committed business leaders such as yourself that we are able to serve the community.

Regards,

Angela Titus
VP, Marketing & Brand Strategy
